LinkedIn, GitHub, and FlowMind Studio available from the personal website.

## Profile

---

Austin-based developer and founder leading FlowMind Studio. I build artistic websites, trustworthy digital systems, and clean public-facing experiences that connect clear communication, search visibility, and professional credibility.

## Selected Work

---

### **FlowMind Studio • Founder website • Development studio**

My flagship business presence. A founder-led website designed to communicate premium web development, local SEO, and sharp digital direction with clarity.

Link: <https://flowmindstudio.com/>

### **ZC Cleaning Services • Bilingual service website**

A bilingual residential cleaning website built to speak clearly to both English and Spanish audiences in Austin.

Link: <https://www.zcleaningservices.com>

### **Brilliant Cleaning Services LLC • Premium cleaning website**

A trust-first service website with a more premium emotional tone, built to make the company feel established before the first call.

Link: <https://www.brilliantcleaningservicesllc.com>

### **UltraShine Inc. • Spanish-first local service website**

A Spanish-first website for a cleaning and painting company, built to dominate local intent and make estimates feel easy to request.
